ACADEMIC PROGRAMS

The following academic programs are for those seeking a certificate or diploma.

Accreditation and Affiliation Status of ALBI.

We are affiliated with **Vision Bible College located in Marsing, Idaho**. Their accreditation is through the **International Accreditation and Recognition Council**. This is a respected international organization known throughout the world. Although our programs are not for those persons intending to build secular careers, ALBI will continue to seek to enhance its accreditation and is currently in that process. Our primary purpose is to be a “ministry training center” that will build up the students through “**information**”, “**inspiration**”, and “**impartation**” leading to a “**transformation**”. This being the case, our focus is not on the “degree/ diploma” one receives but on the TRAINING in Righteousness to which one attains (cf. 2 Timothy 3:16)

Are ALBI credits transferable to other colleges and universities? This depends on the college, and virtually every school will give the same answer. We have a program of high standards, both academically and spiritually. Still, every college will tell you that if students are planning to attend another college before they complete a degree with ALBI they should contact the school they plan to attend and verify that they accept credits from the transferring college.
